- EAN: 48 95229 10185 2
- Number of products included: 1
- Gross weight: 0.25 kg
- Net weight: 0.034 kg
- Tare weight: 0.216 kg

Highlights

14 hours of play time.

No matter what your day has in store, these wireless in-ear headphones keep on going. A single charge takes just 1.5 hours and gives you 14 hours of play time. If you need even more power, just 5 minutes on charge will give you another 2 hours of play.

Music. Or silence.

Leave it all behind with Active Noise Cancelling. Shut out the noise of a train or busy office at the touch of a button. If you're out and about, you can listen to your music and stay tuned to the noise of the street in Awareness Mode.

Detailed sound.

Take a call, pause your playlist. All without touching your smartphone. The built-in mic with echo cancellation keeps sound clear when you're talking. When you're listening to music and podcasts, perfectly tuned neodymium acoustic drivers deliver clear, detailed sound.

Hi-Res Audio. Hear more.

Love your high-resolution streaming service? Hear more with these Hi-Res Audio headphones. Capable of reproducing high frequencies of up to 40 kHz, they'll give you more detail when you're on the move.

Smart Bluetooth pairing

These wireless headphones are ready to pair the instant you switch on Bluetooth. Once they're paired, they remember the last device they were paired with.

Slender neckband.

The slender neckband sits comfortably behind your neck. Vibration Mode ensures you won't miss a call, even if you're deep into your music or have the earbuds around your neck.

Easily fine-tune.

Three sizes of interchangeable rubber ear-tip covers create a perfect seal. Flexible wing tips fit securely under the ridge of your ear. No matter how hard you go, these sports headphones stay where you need them.

Hey Google!

Manage your life without taking out your phone: just ask Google Assistant. A simple button press on the neckband activates the assistant. You can ask it to open your calendar, read notifications from your phone, call or send messages to friends, manage playlists and much more.
